**A Woman's Weariness.**

Women's sensitiveness make them subject to more intense weariness than men. The melancholy, depression and exhaustion they suffer is due to sluggish action of their organs, which loads the system with impurities, poisons the blood and shatters their nerves. Morley's Sarsaparilla and Iron will cleanse the system, revitalize the nerves and give strength and energy. Sold by W. M. Bell, Jopka, Ky.

**No Hats in Church.**

The ladies of the churches in Mason City, Iowa, have adopted the reform of removing their hats during services and the reform was successful. That while we admire the artistic creations of headgear of our wives and sweethearts we will promise not to lose any of our love and affection for them if they will unambiguously grant the request of this petition. These resolutions were read in church and every big hat was removed, much to the delight of the preacher and the male portion of the audience.

**\$100 Reward, \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists 75c. Hall's Family Pills are the best.

A week or more after Gov. Goebel was shot W. S. Taylor came forward, or more likely was kicked forward by some member of his party who has had enough sense to observe that property demanded something, and offered \$500 for the apprehension of the murderer. Yet when arrests are being made, leaving that very end in view, search reveals pardons on the persons of those arrested for complicity in the murder, and issued by this identical Taylor who offers the reward. In view of that, will any man with the sense of a goose maintain that Taylor was sincere when he offered that reward? Assuredly not. Nobody can now claim that Taylor is even sorry that Gov. Goebel was shot, except that probably he may regard it as a political mistake. An idiot almost could have told him that in the beginning, where were the corporation brains, which direct Taylor's movements, when the plot was hatched? That was a desperate gang, and at the critical moment they lost control of their faculties.—Elizabethtown Democrat.

**Millions Given Away.**

It is certainly gratifying to the public to know of one concern which is not afraid to be generous. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, Bronchitis, La Grippe and all Throat, Chest and Lung diseases are surely cured by it. Call on T. E. Paull, druggist, and get a free trial bottle. Regular size 50c and \$1.00. Every bottle guaranteed.

Bryan will be elected unless the democrats neglect their opportunities. They should remember that, strong as he is, Bryan may be dragged down by weak state, congressional and legislative tickets. This is no yaller dog year when anyone can be elected. Good nominations are necessary to the success of the national, as well as the local tickets.

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by M. Cravens.

The Democrats of Nebraska reaffirm the Chicago platform; speak in no uncertain sounds about the money question, declare for the initiative and referendum, ask for a direct election of the United States senators and oppose militarism. Good for them, on such a platform Bryan ought to carry every liberty loving state in the union.

**The Best in the World.**

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see its effects. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by M. Cravens.

John L. Powers, wanted for alleged complicity in the assassination, is said to be at Barboursville, his home. It is said a Barboursville man while "Felling Dick" Combs may have some knowledge of the conspiracy to kill the great coal boss. Powers is a white man who lives for her back in the mountains.

Pneumonia is one of the most dangerous and fatal diseases. It always results from a cold. Chamberlain's Cough Remedy will quickly cure a cold and prevent an attack of pneumonia. It is in fact made especially for that ailment and has become famous for its cures over a large part of the civilized world. It counteracts any tendency of a cold toward pneumonia. Can you afford to neglect your cold when so reliable a remedy can be had for a trifle? For sale by M. Cravens.

To take, tabulate and prepare the census report will take a force of 3,000 men in Washington and 50,000 scattered over the country. An especial effort will be made to get all the facts pertaining to the farming class and farmers as well as all others interested are requested to aid in the work of securing the best information obtainable.

**Almost Blind.**

My little four year old girl's eyes were so weak from birth, that she could not stand any light at all. Was treated by several physicians without benefit. My neighbors induced me to buy Morley's Sarsaparilla and Iron from Mr. O. Daugherty, Banock, Ky. Three bottles not only restored her sight, but made her stronger and healthier than she ever was in her life. DAVID KESSING. For sale by W. M. Bell, Jopka, Ky.

Sam Philpot, charged with the murder of Ed Rogers, near Manchester, who belongs to the famous fighting faction of that name, was held without bail at his examining trial and from fear that he would be released from prison by his kinsmen, he was taken to Richmond for safe keeping.

**Spreads Like Wildfire.**

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled for 20 years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, rundown man or woman. Price 50 cents. Sold by T. E. Paull, druggist.

**Remarkable Cure, Rheumatism.**

KENNA, Jackson Co., W. Va. About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. B. PARSONS. For sale by M. Cravens.

A great man changes his mind, a weak man allows his mind to be changed. Gladstone was a good example of the former, McKinley the latter. McKinley permits the trusts to change him as their needs demand.

Twenty five years of falling prices have ruined many men and made a few men very rich.

There is not a single democratic paper in Illinois opposed to the renomination of Bryan for president.

A number of the leading Republican papers of the country have declared opposition to President McKinley's Porto Rican policy. The sugar and tobacco trusts are still with him; or more accurately speaking he is still with them.

The nine-year-old daughter of James Rucker, a farmer of Fulton county, was accidentally shot and killed by her fourteen-year-old brother, while he was preparing for a hunt. The whole load struck the girl in the neck.
